## Galveston County Youth Soccer Needs You

There are several important volunteer positions that **MUST** be filled prior to our season getting under way. If you are an energetic person who can respectfully work with others then we want you to join our team. Look at the list of some of the positions (for a complete list, see website above) and contact the club if you are interested. Each position requires a different level of commitment and self directed motivation but at the end of the season the reward of seeing the hundreds of children playing soccer is worth the effort.

## Coaching for GCYS

Each year we require over 120 volunteer coaches to run the practices and games for our players. A coach is someone that can be organized, communicate well, be respectful of all other members including the players and work with the players to provide them with an opportunity to learn soccer while having fun in the summer months. If you want to aid in the enjoyment of the players, contact the club for more information. All coaches are required to pass a background test through KidSafe.

## Officiating for GCYS

If you are interested in becoming a referee for GCYS, contact Michael Hughes, [referee\\_rep@gcysoccer.org](mailto:referee_rep@gcysoccer.org), for more information and clinic dates.

## Join the GCYS Field Painting Team

Volunteers are needed for maintaining the lines on GCYS soccer fields. If you can spare some time each week helping paint the lines at our soccer fields, even if just for part of the season, please contact Carl Huddleston, [vice\\_president@gcysoccer.org](mailto:vice_president@gcysoccer.org).
